Three Lakes Area Chamber of Commerce Partners with Three Lakes Center for the Arts for Photography Contest

January 15, 2018 (Three Lakes, WI) – The Three Lakes Area Chamber of Commerce and the Three Lakes Center for the Arts are partnering for a photo contest to identify and honor talented photographers of all ages and to highlight the exquisiteness of the Three Lakes area. Contestants are asked to submit inspiring images of Three Lakes, images that focus on the water, the woods, the seasons and the people that make up the Three Lakes area.

“Three Lakes has been called the gem of the Northwoods” said Sarah Flashing, Executive Director of the Three Lakes Area Chamber of Commerce. “We’re excited that the splendor of Three Lakes is being captured through great photography and eager to share it locally and regionally.”

Winners will be featured in social media, the Three Lakes Chamber website, and a public art gallery at the Three Lakes Center for the Arts. A reception will be held for the winning photographers in October 2018. Winners and runners-up will be selected from both adult and youth submissions (with parental consent).

High resolution photos may depict any perspective of Three Lakes outdoors from the snowy trails to the summery warmth of the chain of lakes. Photos of downtown and other populated areas of the Three Lakes area are also encouraged.

Photos must be submitted by 20th of each month, January through October, and must include photographers’s name, phone number, age (if under 18) and title of photo. Photos are to be sent to info@threelakes.com for submission to the contest and posted on Facebook, Twitter or Instagram with the hashtags #threelakeswi and #threelakesphotocontest

Please see rules for other information at www.threelakes.com.

About the Three Lakes Area Chamber of Commerce

The Three Lakes Area Chamber of Commerce & Welcome Center Inc. encourages, promotes, protects and reacts to the interests and needs of businesses and civic organizations in the Three Lakes community.
